1. Draw a shape to match each label.
**a.** a triangle with no sides the same length

b. a quadrilateral with exactly two sides the same length

2. Figure out the difference. Draw jumps to show your thinking. Then write the subtraction sentence.

$63

$29

$$\_\_\_\_\_ - \_\_\_\_\_ = \_\_\_\_\_$$

0   10   20   30   40   50   60   70

3. Write a number sentence to show how you could **estimate** the total cost.

a.

see → $49 + $37

think → $ 50 + $ 37

b.

see → $38 + $17

think → $_____ + $_____

c.

see → $56 + $19

think → $_____ + $_____

d.

see → $28 + $34

think → $_____ + $_____
